HIXNY ELECTRONIC DATA ACCESS CONSENT FORM
Community Care Physicians

In this Consent Form, you can choose whether to allow Community Care Physicians to obtain access to your medical records through a computer network operated by the Healthcare Information Xchange of New York (Hixny), doing business as Hixny, which is part of a statewide computer network. This can help collect the medical records you have in different places where you get health care, and make them available electronically to our office.

You may use this Consent Form to decide whether or not to allow Community Care Physicians to see and obtain access to your electronic health records in this way. You can give consent or deny consent, and this form may be filled out now or at a later date. Your choice will not affect your ability to get medical care or health insurance coverage. Your choice to give or to deny consent may not be the basis for denial of health services.

If you check the "I GIVE CONSENT" box below, you are saying "Yes, Community Care Physicians staff involved in my care may see and get access to all of my medical records through Hixny."

If you check the "I DENY CONSENT" box below, you are saying "No, Community Care Physicians may not be given access to my medical records through Hixny for any purpose."

Hixny is a not-for-profit organization. It shares information about people's health electronically and securely to improve the quality of health care services. This kind of sharing is called ehealth or health information technology (health IT). To learn more about Hixny and ehealth in New York State, read the brochure, "Your Health Information - Always at Your Doctor's Fingertips." You can ask Community Care Physicians for it, or go to the website www.hixny.org.

Please carefully read the information on the back of this form before making your decision.

Your Consent Choices. You can fill out this form now or in the future. You have two choices.

I GIVE CONSENT for Community Care Physicians to access ALL of my electronic health information through Hixny in connection with providing me any health care services, including emergency care.

I DENY CONSENT for Community Care Physicians to access my electronic health information through Hixny for any purpose, even in a medical emergency.

NOTE: UNLESS YOU CHECK THIS BOX, New York State law allows the people treating you in an emergency to get access to your medical records, including records that are available through Hixny.

Details about patient information in Hixny and the consent process:

1. How Your Information Will be Used. Your electronic health information will be used by Community Care Physicians only to:

- Provide you with medical treatment and related services
- Check whether you have health insurance and what it covers
- Evaluate and improve the quality of medical care provided to all patients.

NOTE: The choice you make in this Consent Form does NOT allow health insurers to have access to your information for the purpose of deciding whether to give you health insurance or pay your bills. You can make that choice in a separate Consent Form that health insurers must use.

2. What Types of Information about You Are Included. If you give consent, Community Care Physicians may access ALL of your electronic health information available through Hixny. This includes information created before and after the date of this Consent Form. Your health records may include a history of illnesses or injuries you have had (like diabetes or a broken bone), test results (like X-rays or blood tests), and lists of medicines you have taken. This information may relate to sensitive health conditions, including but not limited to:

A complete list of current Information Sources is available from Community Care Physicians. You can obtain an updated list of Information Sources at any time by checking the Hixny website: www.hixny.org.

4. Who May Access Information About You, If You Give Consent. Only these people may access information about you: doctors and other health care providers who serve on Community Care Physicians medical staff who are involved in your medical care; health care providers who are covering or on call for Community Care Physicians doctors; and staff members who carry out activities permitted by this Consent Form as described above in paragraph one.

Their special requirements must be followed whenever people receive these kinds of sensitive health information. Hixny and persons who access this information through the Hixny must comply with these requirements.
