Does your child need a lead test?

Child's Name:
Child's Date of Birth:

Today's Date:

(FOR OFFICE ONLY) - MRN #:

1.	Does your child live in or regularly visit a building built before 1978 with potential lead exposures, such as peeling or chipping paint, recent or ongoing renovation or remodeling, or high levels of lead in the drinking water?	YES	NO	NOT SURE
2.	Has your child spent any time outside the United States in the past year?	YES	NO	NOT SURE
3.	Does your child live or play with a child who has an elevated blood lead level?	YES	NO	NOT SURE
4.	Does your child have developmental disabilities, put nonfood items in their mouth, or peel or disturb painted surfaces?	YES	NO	NOT SURE
5.	Does your child have frequent contact with an adult who may bring home traces of lead from a job or hobby such as: house painting, plumbing, renovation, construction, auto repair, welding, electronics repair, battery recycling, lead smelting, jewelry, stained glass or pottery making, fishing (weights, "sinkers"), firearms, or collecting lead or pewter figurines?	YES	NO	NOT SURE
6.	Does your family use traditional medicines, health remedies, cosmetics, powders, spices, or food from other countries?	YES	NO	NOT SURE
7.	Does your family cook, store, or serve food in crystal, pewter, or pottery from other countries?	YES	NO	NOT SURE
8.	Did your child miss a lead test? New York State requires all children be tested for lead at age 1 and again at age 2.	YES	NO	NOT SURE

If you answered "YES" or "NOT SURE" to any of these questions, your child may need a blood lead test.

Lead is a concern, especially for children under age 6. It's important for you and your health care provider to know your child's blood lead level.
