October 26, 2022

Dear Patients,

I wanted you to be aware of some changes that are taking place at Clifton Park Family Medicine. With the retirement of my colleague Dr. Shelley Justa, Clifton Park Family Medicine has arranged to consolidate with our neighboring CCP family practice in Clifton Park. Effective January 9th, Clifton Park Family Medicine will become a part of Community Care Family Medicine and **remain in its current location.**

While I have thoroughly enjoyed my time here, I will relocate to another primary care practice in Community Care Physicians (CCP), CapitalCare Family Practice Clifton Park. It has been my pleasure working alongside my colleagues at Clifton Park Family Medicine and caring for you and the rest of the patients of the practice.

I would be happy to continue to care for you at my new practice in Clifton Park - the address is **939 Route 146, Suite 700, Clifton Park, NY 12065**. CapitalCare Family Practice Clifton Park cares for patients of all ages.

All practices within Community Care Physicians share the same electronic health record, so you do not need to transfer your records if you choose to follow me to my new practice. Simply call the office to schedule an appointment with me there – (518) 383-0891. Read more about CapitalCare Family Practice Clifton Park on our website communitycare.com.

You can also choose to remain with your current practice here in Clifton Park. You may be familiar with Community Care Family Medicine (CCFM); they are currently located directly across the hall from our practice. However, with the expanded care team, CCFM will move into our location in Suite 202, so you would continue to receive care in the same exact location as you are now if you choose to remain a patient in Clifton Park.

If you need an appointment with me before January 9th, please continue to contact Clifton Park Family Medicine. For appointments after January 9, please either call my new office, CapitalCare Family Practice Clifton Park, at (518) 383-0891 or call CCFM at (518) 371-9355 to establish with a new primary care provider in Clifton Park, including:

Dr. Eric Schnakenberg, MD
Dr. Miguel Diaz, MD, MBA
Dr. Luis (Daniel) Diaz, MD
Elizabeth Petitt, FNP-C
Mariah Waaland, PA-C

Serving Our Community for Over 35 Years

Internal Medicine • Family Medicine • Pediatrics • Obstetrics • Gynecology • Urgent Care • Adult Neurology • Aesthetic Medicine • Audiology • Bariatric Medicine • Behavioral Health • Child Neurology • Clinical Pharmacy
Dermatology • Developmental Pediatrics • Diabetes Education • Endocrinology • General Surgery • Geriatric Medicine • Hematology • Interventional Radiology • Laboratory • Medical Imaging • Medical Nutrition Therapy
Medical Oncology • Nephrology • Occupational Medicine • Physical Therapy • Podiatry • Pulmonary Medicine • Radiation Oncology • Rheumatology • Sleep Medicine • Sports Medicine • Urology • Vascular Surgery

Read more about these practitioners on CCFM's website, myCCFM.com. This office utilizes the same patient portal, online scheduling platform, and electronic health record as our current office (so again, you don't have to transfer records). They also pride themselves on access to care and same day or next day visits when needed. CCFM cares for all ages, from newborns to our more senior family members, from the simple to the complex, including women's health (nexplanons, IUDs, etc.), minor surgical procedures, bone and joint problems, psychological services, medication management, case management for patients with complex medical conditions, Suboxone medical therapy, and medical cannabis for qualified patients.

I am confident you will continue to receive the care and service you deserve at either location you choose. Thank you for trusting me with your care.

Sincerely,

Veronica Cieszynski, FNP-C
